SUBJECT: Questions about the Thrift Savings Plan

Attached is a list of questions I have about the Thrift Savings Plan (TSP). Any others anyone else has should be added to the list. We need to start getting answers to these questions as soon as possible if we expect to meet the April 1, 1987 implementation date. Some questions are easier to answer than others, but some are rather difficult. Although we might want to discuss these questions at the meeting we have scheduled on Wednesday, undoubtedly we will have to go to NFC for some of the answers.
